Waiting for the moment when the moment has been
waiting all the time
Staring at the golden heights wondering are you ready
for the climb
Are you ready for this
Are you ready for that
Are you ready for this
Focus your eyes
Will you take the chance
Well you've got the chance
A new perspective
A new state of mind
Always on the edge of what could be the greatest
moment in this life
Watching as the theme builds
Left
Only to wonder in delight
You gotta let it go
You gotta let it go
Wanting to feel
Just what it means to be free
There's no reason
For deceiving
Focus your eyes
A new perspective
A new state of mind
Sometimes you feel you want to run away from it all

Sometimes you hear the voices of the past come to call
But there's no giving up when you are giving it all
Hoping
Forgiving
And loving
The qualities of life
Designing
The future
We're building
The dreams taking flight
Are you ready for love
Are you ready for love
Are you ready for love
A new state of mind

Waiting for the moment when the moment has been
waiting all the time
Reaching for the golden heights without a doubt you're
ready for the climb
You've gotta set it out
You gotta tear it out
No escaping
What you've got on your mind
There's a reason
For your being
Focus your eyes
A new perspective
A new state of mind
