I'll be the round about, the words will make you out 'n'
out

I spend the day your way
Call it morning, driving through the sound
And in and out the valley

The music dance and sing, they make the children
really ring

I spend the day your way
Call it morning, driving through the sound
And in and out the valley

In and around the lake, mountains come out of the sky
And they stand there

One mile over, we'll be there and we'll see you
Ten true summers we'll be there and laughing too
Twenty four before, my love, you'll see, I'll be there
with you

I will remember you
Your silhouette will charge the view of distance
atmosphere

Call it morning, driving through the sound
And even in the valley

In and around the lake, mountains come out of the sky
And they stand there

One mile over, we'll be there and we'll see you
Ten true summers we'll be there and laughing too
Twenty four before, my love, you'll see, I'll be there
with you

Along the drifting cloud, the eagle searching down on
the land

Catching the swirling wind, the sailor sees the rim of
the land

The eagle's dancing wings create as weather spins out
of hand

Go closer, hold the land, feel partly no more than
grains of sand

We stand to lose all time, a thousand answers by in our

hand

Next to your deeper fears we stand surrounded by a
million years

I'll be the roundabout, the words will make you out 'n'
out

I'll be the roundabout, the words will make you out 'n'
out

In and around the lake, mountains come out of the sky,
they stand there

Twenty four before, my love and I'll be there

I'll be the roundabout, the words will make you out 'n'
out

I spend the day your way

Call it morning, driving through the sound

And in and out the valley

In and around the lake, mountains come out of the sky
And they stand there

One mile over, we'll be there and we'll see you

Ten true summers we'll be there and laughing too

Twenty-four before, my love, you'll see, I'll be there
with you
