One, two, three, four

Sing, bird of prey  
Beauty begins at the foot of you, do you believe the  
manner?  
Gold stainless nail  
Torn through the distance of man  
As they regard the summit

Even Siberia goes through the motions  
Hold out and hold up, hold down the window  
Hold out the morning that comes into view  
River running right on over my head

How does she sing?  
Who holds the ring? And ring and you will find me  
coming  
Cold reigning king  
Hold all the secrets from you  
As you produce the movement

Even Siberia goes through the motions  
Hold out and hold up, hold down the window  
Hold out the morning that comes into view  
River running right over the outboard, river  
Bluetail, tailfly, Luther in time

Hold out the window  
Hold out the morning that comes into view  
Warm by the tower  
Green leaves reveal the unspoken khatru

How does she sing?  
Who holds the ring? And ring and you will find me  
coming  
Cold reigning king  
Shelter the women that sing  
As they produce the movement

Even Siberia goes through the motions  
Hold out and hold up, hold down the window

Hold out the morning that comes into view  
River running right over the outboard, river  
Bluetail, tailfly, Luther in time

Suntower, asking, cover, lover  
July's daytime, movement, move night  
Choose how, long now  
Take time, take place  
Take yawn, take piece  
New past, choose past  
Warn these, warn those  
My soul, your soul
