No need to wonder  
Do you belong  
No need to worry  
You can be strong  
Don't disbelieve it  
Let your fears go  
There must be more to this life  
And we all know  
Deep inside  
The solution  
Staring you down  
Looking for  
The solution  
Bringing you round  
The past can haunt your future so  
Shadows are falling  
Lookout below  
Voices are calling  
Echoes unknown  
There must be more to this life and we all know  
Looking for  
The solution  
Staring you down  
Deep inside  
The solution  
Bringing you round  
Giving in  
Giving out  
Do the best you can do  
Giving in  
Giving out  
It's all up to you  
Giving in  
Giving out  
Do the best you can do  
Giving in  
Giving out  
It's all up to you  
It's all up to you  
Over and under  
And down we go  
Caught at the crossroads

Which way to go  
Choosing the right path  
Only you know  
Looking for  
The solution  
You hold the key  
Deep inside  
The solution  
Set yourself free  
Giving in  
Giving out  
Do the best you can do  
Giving in  
Giving out  
It's all up to you  
Giving in  
Giving out  
Do the best you can do

Giving in  
Giving out  
It's all up to you  
It's all up to you  
It's all up to you  
Waiting for the moment when the moment has been  
waiting all the time  
Staring at the golden heights wondering are you ready  
for the climb  
Fortune seller finder seeker giver taker wisdom keeper  
Wish I knew  
Feel the love  
Feel the love  
That shines  
They say the time is like a river that flows  
And where that river ends  
Nobody knows  
Round and round and round I go  
When I stop no one will know  
Designing  
The future  
We're building  
The dreams taking flight  
Silently  
Revolving wandering through the heavens above  
Over and under  
And down we go  
Looking for  
A new state of mind

Note: "The Solution" is really only about 5 1/2 minutes long, but there is a big long secret track afterwards in which lines from some of the songs on the album are sung a capella. They are separated by 1/4 through 4 minute silent parts.
