Close the door and lock it quickly
We can't allow the world to see
I wanna know what you are thinking
I do believe it has to do with you and me
In time we'll grow
Let's take this slow
I gotta say I like this
I must admit I like this
Come along and sit beside me
It's me and you and we're in my room
I've gotta know what you are thinking
Just let it go and please tell the truth
In time we'll grow
Let's take this slow
I gotta say I like this
I must admit I like this
Broken down and holding out and waiting just to figure
out
Where I stand with you (I don't believe it when you say
you mean it)
Close the door and lock it quickly
We can't allow the world to see us now
