(Thanks for everything)

I'd like to peel your clothing off the way I always do  
And have you naked on my bed, now I'm controlling  
you

You know you want it so bad

You know you want me so bad

In just a second you'll be asking me to lay with you  
And I am contemplating when I'm gonna make the  
move

You know I want it so bad

You know I want you so bad

This occupation of stimulation is fabrication of me  
I'm aggravated and agitated, I guess I made it easy  
(I just can't seem to get myself out of this bed that I  
have made)

I'd like to take you on tonight if that's ok with you  
It's just the two of us alone, so what you wanna do?

I think I know the answer

I think I know how to melt her

And on occasion it'd be cool to sit and talk with you  
On second thought I'd rather not, that's just too much  
to do

I think I know you better

I think I'll just forget her

This occupation of stimulation is fabrication of me  
I'm aggravated and agitated, I guess I made it easy  
(Why did you treat me that way? )

I owe, I owe nothing at all

I owe you, I owe nothing at all

This occupation of stimulation is fabrication of me  
I'm aggravated and agitated, I guess I made it easy  
(I just want to hate you so bad but I can't)
