Now - that our love is dead - and gone
All that I can get
Are illusions
That never lead out of confusion

Now that our hearts are cold - and hard
I am feeling low
Cos I lost my passion
Reaching the edge of obsession

Baby out in the dark - hearts of ice
A word can break them
They're torn forever by lies
And no-one to take them
Lonely and cold - hearts of ice
Cos love was rambling
Angels of fear throw the dice
And fate does the gambling
Now - I have felt your warmth - pass by
Cos my loving arms couldn't hold you
I'm lost in the dreams I once told you

Baby why - did the devil win tonight
Don't you know my love
That your dreams were cheating
Deep in my soul I am bleeding

Now - ahahaha - hearts of ice
Ahahaha - hearts of ice
Ahahaha - hearts of ice
Ahahaha - hearts of ice
Hearts of ice
