When I was lonely
I was just sitting on my own
Before my heart could turn to stone, she came
She came to save me

Now I was hungry
And there was food upon a plate
You better pray it's not too late, now boy
Give it to me
But now we're running
Yes we're running outta time

She says we're up and down
She's suddenly spinnin around and round
And now my feet can barely touch the ground
She says it guessin now

Set me shakin
Until I fall into the floor
And I know that you'll take no more
She's got me runnin

Yeah you were my medicine
And now I need another dose
And I can feel it getting closer now
Give it to me
But now we're running
Yes we're running outta time

She says we're up and down
She says it's spinnin around and round
And now my feet can barely touch the ground
She says it guessin yeah

Ahh...ahh...ahh...ahh

But now we're running
Yes we're running outta time
She says we're up and down
She says it's spinnin around and round
And now my feet can barely touch the ground

She says it to me, yeah

Up and down

I was lost when I should be found

And now my feet can barely touch the ground

She says it guessin, yeah
