Listen baby, sometimes I know I be playin'
But set aside the bullshit, I'm a grown ass man
What's to understand, that I love to fuck
Can I hit it from the back or put ya ass in a book

Screamin', Shawty, what's up
(Sup)
You fuckin' or what?
(What)

We ain't got nothin' to discuss
I'm simply tryin' to bust nuts
The temperatures risin', we reachin' the bed
Ya eyes begin to roll in the back of ya head

Bangin' headboards, the loud noise, the sound of you
screamin'
Turn me on 'cus it sounds like you singin'
Sayin' my name constantly
(Constantly)
Sayin', daddy, keep fuckin' me
(Fuckin me)

Get it how you want it long
As you keep lovin' me
(Lovin' me)
Put ya thing down, boom the bedroom, do it right
(Uh)

And it just might be a long night, all right
Now be quiet
(Yeah)
You don't want them to hear us outside
Let me get on bottom while you ride

Bedroom boom
(That's what's goin' down tonight)
Bedroom Boom
(Let me do ya body right)

My bed will be boomin' for you
(Boom boom boom, boom boom)

Bedroom boom
(All between the sheets baby)

Bedroom boom
(I wanna drive you crazy)
My bed will be boomin' for you
(Woah, woah)

It feels like heaven when we're off in this room together
I can hear the music playin', then, I hear ya voice sayin'
"Uh Daddy, now just give it to me, right there"
Uh baby, take a handful of my hair

'Cus you like it rough
(Rough)
Can't get enough
('Nough)
'Cus I'm the type of nigga that's gon fill you up

Like a cup and make this love thing, overflow
I won't stop until ya body's tellin' me so
Sheets gettin' sticky from the strawberries and
whipped cream
If these walls could talk
They would say this is one hell of a scene

Now, you movin' ya body jus like a gymnast
From the bed to the dresser
All type of crazy shit
Faces tellin' me stories, body's hot and so horny

Hittin' it from the rear
Wanna whisper somethin' in yo ear
I'm gonna love you all night
I promise

Bedroom boom
(Bedroom boom)
Bedroom boom
(I can hear it, baby)

My bed will be boomin' for you
(We'll be fuckin' all night, yes)
Bedroom boom
(Hittin' yo body)

Bedroom boom
(Like boom, boom, boom)
My bed will be boomin' for you
(My bed will be shakin', til' the screws come loose while
I'm off in it)

Boom goes the bedroom, behind closed doors
And the bedroom depends on how far things go
You move slow, I move fast when you off in that ass
But you hittin' that mothafucker like every time, yo last

Spread yo legs like a bald eagle
Work that back, move like a snake when you do dat dat
Now be quiet, you don't want them to hear us outside
Let me get on bottom while you ride

You hotter than the eye on a stove
(Yeah)
Temptation got ya outta control
(Ah, ha)
You tremblin' like you out in the cold
(Uh)

You screamin', you cant take it no more
Beat the pussy so bad, we done fell on the flo
(Can you believe it?)
Throw our clothes in the kitchen and in the garage

All this love is waitin' for you
Like I'm El' DeBarge
See my dick stay hard
(Oh)

And it's gon stay cocked
(Yes)
If a bitch fuck wit me
She gettin' her cherry popped

Bedroom boom
(This is serious business, baby)
Bedroom boom
(What goes on in this room, so amazing)

My bed will be boomin' for you
(It makes me wanna say, boom, boom, boom)
Bedroom boom, Bedroom boom
(Stay right there, down there)

My bed will be boomin' for you
(I can feel it, and it feels amazing)
Boom boom, boom boom
Boom boom, boom boom
Boom boom, boom boom
