Sweet scent of a gentle rain
Will you ever come again
Smooth skin soft and white
We lose ourselves within the night

Dance inside the dreamers circle
I'm waiting for you
Escape the life of black and white
I'm waiting for you

I wanna be the color that's in your life
And you make love electrical
Welcome to the festival (x2)

Racing towards still rose dawn
Intuition leads you on
You're all dressed up in dreams
In a liquid limosine

Dance inside the dreamers circle
I'm waiting for you
Escape the life of black and white
I'm waiting for you

I wanna be the color that's in your life
And you make love electrical
Welcome to the festival (x2)

Dance inside the dreamers circle
I'm waiting for you
Escape the life of black and white
I'm waiting for you

I wanna be the color that's in your life
And you make love electrical
Welcome to the festival

Don't be the color in your life
Cause you make love electrical

Welcome to
Welcome to

Welcome to the festival

I wanna be the color that's in your life
And you make love electrical
Welcome to the festival
