Come back
Come back for more
Come back
Come back for love

Come back
Come back for more
Come back

Like the image in the mirror
Over your shoulder as you stare
See a shadow of painted lust
Turn away she wont be there
White sheets and empty champagne
Through the hotel drapes streams daylight
Burning the candle at both ends
Can what feels so good turn out right

Come back for more
Come back for love
Are you caught off guard
Is this more than you wanted

Come back for more
Come back for love
Its not just an affair
This love has got you haunted

As the feeling of desire
Was only instinct to begin with
So the yearning yields to love
You cant turn away from it
And the plotting at the doorway
Is innocence and childlike love
Needing and wanting never to leave
Exactly what our dreams are made of

Come back for more
Come back for love
Are you caught off guard
Is this more than you wanted

Come back for more
Come back for love
Its not just an affair
This love has got you haunted

Come back for more
Come back for love
Come back for more
Come back for love (Repeat)

Gotta come back back
Gotta come back for more
Gotta come back back
Gotta come back for love (Repeat)

Come back for more
Come back for love
Come back for more
Come back for love

Come back for more
Come back for love
Come back for more
Come back for love

Come back for more
Come back for love
Come back for more
Come back for love
