Come back, come back for more,
come back, come back for love,
come back, come back for more,
come back

Like the image in the mirror over your shoulder as you
stare
See a shadow of painted lust, turn away, she won't be
there
Warm sheets and empty champagne,
through the hotel drapes streams daylight
Burning the candle at both ends,
can what feels so good turn out right

Come back for more, come back for love!
Are you caught off guard?
Is this more than you wanted?
Come back for more, come back for love!
It's not just an affair,
this love has got you haunted

As the feeling of desire was only instinct to begin with
So the yearning yields to love, you can't turn away from
it
And the parting at the doorway, is innocence and
childlike love
Needing and wanting never to leave,
exactly what our dreams are made of

Come back for more, come back for love!
Are you caught off guard?
Is this more than you wanted?
Come back for more, come back for love!
It's not just an affair,
this love has got you haunted

Gotta come back back,
gotta come back for more,
gotta come back back,
gotta come back for love
Come back for more (back for love)

come back for love (come back for love come back for
love)
come back for more (back for love)
come back for love...
