"Dance On Glass"

Run you ragged
Torn and jagged
Sharp tongued, ripped and ragged
Couldnt find the party line
Gee whiz it's happy time
Mirror, mirror, reflects me hazy
The heats on, Im running round crazy
Heres the road, didn't miss a trick
While you trash the punch and kick
Ill kiss the lips that sealed your fate
Ill bring you flowers and place them on your grave

Dreaming of colors, swamped in dust
Sweet dreams all covered in rust
Looking at heaven {gladdest ghosts in}
Turn to kill this crazy dream
You are revered for your work with incant mirrors
You are renowned for bringing me steel and powder

(chorus)
So dance, dance -- dance on
Dance, dance, dance -- dance on glass
Dance, dance -- dance on
Dance, dance, dance -- dance on glass

Shadow boxing -- mild and meek
Send me flowers -- tongue in cheek
Medicine man cast a spell
Head spins round, kiss and tell

(chorus)

Cheeks on fire -- dance on glass
A touch of magic, a hint of class
Dress in leather, play in the dark
Pain and torture leave their mark
Take no prisoners, smash the light
Lunatic fringe, kiss and bite
Wild promise, cheeks are red
Battle cry, and then it's off to bed
Youve taken my heart and ripped it from my sleeve

Hold it in your hands,
Grip your fingers and it starts to bleed!

(chorus)
You shudder at a touch.
