Now, we're on the journey
Back into darker times
See the man made mountains
Built for those divine

Walk into the twilight
In the land of the dead
Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still rings
On the hot desert winds
In the valley of kings

Their souls are immortal
Within the after life
Soaring through the portal
To the eternal light

Ruling without mercy
Reigning life on earth
Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still rings
On the hot desert winds
In the valley of kings

Gods walked the earth
City of a thousand gates
They were kings from birth
That was their given fate

In the valley of kings
Where the echoes still rings
On the hot desert winds

In the valley of kings
