Snow blind, dog tired  
Snow blind, and barb wired  
Last chance in the jungle trance  
And the fast step of the monkey dance craze  
War paint, misty days and dizzy faint  
Keeping the faith, spinning turning  
Watch the flames  
Of bridges burning

Turning colours and shedding skin  
Shining brightly, thick and thin  
Mirror of Gods, legend and myth  
The fatal charm of the treasure  
Gift wrapped and heaven sent  
So trapped on islands of intent  
Avenging angel of the wild and yearning  
Stoke the flames  
Of bridges burning

It's burning me over  
Bridges burning

Burning, drives me wild  
Yearning for the small child  
Blind men cry, but she'd no tears  
See no evil, speak in tongues  
And hear you say, Lovers Leap  
'Cos there's no other way across waters deep  
Feel the fire and the fool is learning  
To run from the flames  
Of bridges burning
