Mumbo jumbo

Listen to the whispers of madness  
We have climbed mountains of dust  
We have seen gold gather rust

Hocus pocus

The stampede of my heart  
We have sailed on stars through the air  
We have flown on the wings of a prayer

Into the blue, only with you  
Into the blue, only with you  
Into the blue

Gasoline rainbows

Swimming in the puddles in the street  
Whichever way the wind blows  
We've got the whole damn world crawling at our feet

Laughing canyons and everglades  
Candle flames and razorblades  
Dancing through the poppy fields  
Hand in hand we cascade

Into the blue, only with you  
Into the blue, only with you  
Into the blue

There's a singing dwarf on the streets of New York  
There's a shuffling man with plastic on his head  
A preacher woman crying in the traffic  
Crying for the living, crying for the dead

The waste of it all, the waste of it all  
And there's more at stake than we could ever know  
'Cause when we're together we always fall

Into the blue, only with you  
Into the blue, only with you  
Into the blue, only with you  
Into the blue, only with you  
Into the blue
