Hey sister moonshine ride the snake with me  
Ride it long ride it hard  
Ride it all the way with me  
Hey sister moondance charm the snake with me  
Charm it long charm it hard  
Charm the skin from it's back for me

And paradise will come tonight  
In the comfort of your arms and the ritual and the rite  
And paradise shines so bright  
Lead me a dance of veil in the silver of the moonlight  
And paradise  
Paradise will shine like the moon tonight

Hey sister moonchild the wolf is howling at the moon  
He howls long he howls hard  
Howling for you sister moon  
Hey sister moonshine hold me 'til the break of dawn  
Hold me long hold me hard  
Hold me 'til shadows fade away

Hey sister moonlight kiss me with your honey lips  
Kiss me long kiss me hard  
Kiss me 'til my honey drips  
Hey sister midnight love is over with the rising sun  
Love me long love me hard  
This could be forever if you love me right
