Mistress of Avalon cast a spell and let the mist draw  
down on me  
Slumber in lavender and take the primrose path to the  
eternal sea  
The dragon's breath of shadow land  
Resting on the waves and drifting across the sand

Maiden of Lorelei, the sweetness of your song  
Calls my ship across the blue  
Treasure rests upon your shore, the seagulls cry for  
sailors  
Lost on their voyage to you

Harbor lies in your embrace  
And my ship sets sail for that resting place  
A ship of dreams on the sea of love

And if wishes are stallions  
Then kisses are galleons  
And dreamers sail on the sea of love

And dreamers sail on the sea of love  
On the sea of love

Angel of evermore, my Saviour from the heavens  
above  
With healing in your wings  
The beauty of the melting snow the perfume of the  
mountain flower  
Springtime brings

The ocean waves on desert shores  
The coast the ship of dreams explore  
Dreamers sail on the sea of love

Dreamers sail on the sea of love  
Dreamers sail on the sea of love  
Dreamers sail on the sea of love  
On the sea of love

Love  
Love

Love  
On the sea of love
