"The Other Side"

Ask me where I'm going to coz I'm not going back
Ask me where I'm coming from, I buried all my tracks
The other side is on my side
Ask me while I'll give you back, I can't see in the dark
Give me night I'll love you back, I do not feed the
sharks
The other side is on my side, the other side is on my
side

Watch me smile and bite the dust, you're healing in my
pain
Walk a mile fly if you must, you know we'll meet again
The other side is on my side, the other side is on my
side
Give me night I'll love you back, I do not feed the
sharks
Watch me smile and bite the dust, you're healing in my
pain
The other side is on my side, the other side is on my
side

Ask me where I'm coming from, I buried all my tracks
Ask me where I'm going to coz I'm not going back.
