He's telling me can't come
that's got me thinking he's changing his mind
Says all my yesterdays gine,
don't think tomorrow will be on my site
Then akmost evey day, it tells me I never change
things

I don't wanna live like this,
both feet on the ground,
I live wiht the worryfish and drown

He's telling me can't come
That's got me thinking he's losing his mind
Thinks I should live in a world
Where are the fools and the horses recide
Then almost every way
It tells me I never change things.

I don't wanna live like this
Both feet on the ground
I live with the worryfish and drown.(2X)

And I don't wanna talk like her
My head's in the clouds
Where I swim with the worryfish and drown...
