I'm the feeling you feel
A small voice or a chill
I am here and I am there

I'm that feeling inside
The one that comes and then hides
I'm nowhere and everywhere

Don't you know me?
I'm the one you used to talk to
You stopped believing
But still I follow everywhere you go
I'm walking right behind you
And I'm just around the corner
I'm always down the hall and by your side
You might call me your shadow
Or the reason that you laugh and you don't know why

I inspire, I'm aloof
Spend my time just watchin' over you
I am here and everywhere

Don't you know me?
I'm the one you used to talk to
You stopped believing
But still I follow everywhere you go
I'm walking right behind you
And I'm just around the corner
I'm always down the hall and by your side
You might call me your shadow
Or the reason that you laugh...

Still I follow everywhere you go
I'm walking right behind you
And I'm just around the corner
I'm always down the hall and by your side
You might call me your shadow
Or the reason that you laugh and you don't know why

I'm the feeling you feel
A small voice or a chill
I am here and I am there
