And on a cloudy knoll  
Air blows your scent he knows  
Slow down your passion "Love"  
But you've got to face it the "dream" could've lost

Send me a funny poem  
Some other time, my sweetie  
You just laugh aloud 'cause easy love can't be in tow  
Let it come all cozy into view, let me know

And on a cloudy knoll  
Air blows your scent he knows  
Slow down your passion "Love"  
But you've got to face it the "dream" could've lost

Send me a funny poem  
Some other time, my sweetie  
You just laugh aloud 'cause easy love time's being  
told  
Let it come all cozy into view, pleasing us

Send me a funny poem

Other version:

ever a clown you are  
and those you send tee ho  
slow down your passion fire  
but you've got a facet a tree can love  
send me a funny poem  
some other time my silly  
just laugh aloud love's easy love can't be in tow  
let it come all cozy into view listen up

ever a clown you are  
and those you send tee ho  
slow down your passion fire  
but you've got a facet a tree can love

some other time my silly  
just laugh aloud love's easy love's time being tolled  
let it come all cause into view please enough
