Goodbye, sadness, goodbye, goodbye,  
I don't need you anymore.  
I wet my pillow ev'ry night,  
But now I saw the light.

Goodbye, goodbye, sadness,  
I don't need you anymore.  
Goodbye, goodbye, sadness,  
I can't take it anymore.

Goodbye, sadness, goodbye, goodbye,  
I don't need you anymore.  
I lived in fear ev'ry day,  
But now I'm going my way.

Goodbye, goodbye, sadness,  
  
I don't need you anymore.  
Goodbye, goodbye, sadness,  
I can't take it anymore.

Hello, happiness, wherever you are,  
I hope you hear my song.  
Never want to cry again  
Or hold my breath in fear again.

Goodbye, goodbye, sadness,  
I don't need you anymore.  
Goodbye, goodbye, sadness,  
I can't take it anymore.
