Listen, the snow is falling o'er town,
Listen the snow is falling ev'rywhere.
Between empire state building
And between trafalgar square.
Listen, the snow is falling o'er town.

Listen, the snow is falling o'er town,
Listen the snow is falling ev'rywhere.
Between your bed and mine,
Between your head and my mind.
Listen, the snow is falling o'er town.

Between tokyo and paris,
Between london and dallas,
Between your love and mine.
Listen, the snow is falling ev'rywhere.

Snowfling, snowfall, snowfall,
Listen, listen,
Listen, baby,
Listen.
