Lord, take this makeup off of me.
I said, "lordy, lordy, lordy, take this makeup offa me."
It's bad enough on the beach,
But it's worse in the sea.

Because I'm knockin' on heaven's door.
Because I'm lookin' for my ma.

I said, "ma, take these guns away from me."
I said, "ma, take these guns away from me."
I got so thin now, they're draggin' me down to my
knees.

Oh yeah, man, do you mr. jones?

Town,
Now I've been here so long, I almost forgot my name.
I said, "lord I been here so long I almost forgot my
name."
But as long as I keep touring,
I'll always be in the game, fame, brain, shame and
fame and game, fame, fame....
