It's you and I, feeling good  
Watching the sky turn to sunrise pink  
The stars are fading, saying good night  
Throwing us a big fat wink

It's you and I, feeling good  
This morning we're up so early and bright  
The clouds are smiling, saying good day  
We know it's gonna be right

What are we doing, you and I?  
Are we waiting for the pie to fall from the sky?  
Maybe we should take five and go for a ride  
See what the world is up to, you and I?

I know you're still thinking of the empty room  
behind  
One day we'll air it and fill it with sunshine  
Now you know it's just you and I  
And that's no reason to cry

So hope, skip and run, let's have some fun  
You and I, you and I

You just turned nine, we're both fine  
You and I, you and I

Just turned nine, we're both fine  
You and I, you and I  
Just turned nine, we're both fine  
You and I, you and I

Just turned nine, we're both fine  
You and I, you and I  
Just turned nine, and we're both fine  
You and I, you and I

Just turned nine, we're both fine  
You and I, you and I  
Just turned nine  
And we're both fine
