There's hot time in the old town, down town tonight  
Hot times in old town tonight  
There's hot time in the old town, down town tonight  
Hot times in old town tonight

Oh, come and go with me down in old town tonight  
It's hot times in old town tonight  
Yes, come and go with me down in old town tonight  
Hot time in old town tonight

[Incomprehensible]  
I'm going down to bring my baby back  
It's hot times in old town, down town tonight  
Hot times in old town tonight

I'm going down with razor, yes, in my hand  
I'm going down looking for that man  
It's hot times in the old town, down town tonight  
Hot times in old town tonight

I said, [Incomprehensible]  
I'm going down to bring my baby back  
It's hot times in the old town, down town tonight  
Hot time in old town tonight
