Coming out of the water
Back to middle now
Hope for the future
Hope for the future now
Get it right this time, poor boy
While the wind is a blowing
You got inside information
Hope for the future now

And we will sing and dance
Under the honey sun
For ever and ever
Day by day

Over there in the distance
Down by the sea gull dreaming
The boys are all gathered
For the singing and dancing
The old man is singing
And the sound of the bilma
Is taking me higher
Higher and higher

And we will sing and dance
Under the honey sun
For ever and ever
Day by day.

And we will sing and dance
Under the honey sun
For ever and ever
Day by day.

Coming out of the water
Back to middle now
Hope for the future
Hope for the future now
Get it right this time, poor boy
While the wind is a blowing
You got inside information
Hope for the future now

And we will sing and dance
Under the honey sun
For ever and ever
Day by day
