1st

She walked into my life when things were less than fair.
On a small stage I first caught her stare.
She leapt into my arms and greeted me with those
eyes.
Now it's her that I can't, I can't deny.

CHORUS

When you smile Molly, Molly when you smile,
I start to believe in me.
But when you smile Molly, Molly when you smile,
I start to believe you're my destiny

2nd

I said stop wearing my clothes, I got to go,
I can't breathe, I gotta rehearse for my next show.
We rolled through the night in silk Egyptian sheets,
But when I look at her I'm not sure what she needs.

CHORUS

BRIDGE

I think I want this feeling to last.
No, maybe wait, it's going to fast.
I think deep down I want you to stay.
When I'm with you I don't want that moment to go away.
