It all comes back  
To the fact I don't ever love enough  
Because I'm just ports lacking hard, as if that were ever  
good enough  
So lets not be vague, we're all a little f-f-fr-freaked out  
these days  
So give me one drink and a tune, and 20 minutes of  
you and the hope I just want to feel good tonight

Just a little bit, Just a little bit, just a little bit slower now  
Just a little bit, Just a little bit harder now

We've gotta study together now  
There is so much more to being young these days  
15 and falling in love  
You're far to young to be versed in such grown up ways  
You're playing to hand touch, way to much  
It's the only crush that will make me blush  
You're playing two hand touch, way to much  
It's the only crush

Just a little bit, Just a little bit, just a little bit, slower now  
Just a little bit, Just a little bit harder now

Just a little bit, Just a little bit, Just a little bit, softer now  
Just a little bit, Just a little bit slower now

Just a little bit, Just a little bit harder now  
Just a little bit, Just a little bit harder now

(Oooooo)

Just a little bit, Just a little bit, just a little bit slower now  
Just a little bit, Just a little bit harder now  
Just a little bit, Just a little bit, just a little bit softer now  
Just a little bit, Just a little bit slower now

(I just want to feel good tonight)x3  
(I just want to feel I just wanna feel...)
