[Verse 1:]

Yea I'm here to only talk about the bestfriend
A bestfriend thatt'll stay with me till the end
Wen I first got on I knew I had 2 win
Wen I need it u always find a way ta spend
But baby girl u no this ain't about money
I look at u n the eyes an I can tell ya love me
But my love 4 u baby is so different
You'll never complain, yea I'm so gifted
Ever time u talk I always listen
Every time u gon baby I stay missin
An u no I hate 2 see u cry
But I'm here 2 cry with u
I ain't neva been a lie
An I'm gon ride an u gon ride
An I'm a grow wings an we gon fly
An we gon rise, an neva hit da ground
Stay on top an we ain't neva cumin down

[Chorus:]

Yea my love for u will never go away
Baby mark my words listen 2 what I say
I praise u, praise u n every way
I love u, love u 4rm day ta day
U so real, ya so real
Baby u my gangsta girl u so real...
U so real... an I just can't get enough

[Verse 2:]

I got a down chick I no that she will ride 4 me
If it eva went down she'll die 4 me
If I didn't have tears she'll cry 4 me
An if I eva went down she'll lie 4 me
She neva let a man get jammed
Cause she undastand how I live an who I am
So wen I'm n the hood n I'm holdin down the block
She'll b posted at the spot just ta holdin down the rock
An I respect ta as my gangsta girl
Cause she keep it so solid in this gangsta world
Wen da beef cum I put her n the driver seat
Latenight all black all we do is ride an creep
Post out side like we playin hide an seek

Let off a couple rounds an then gon with out a skriech
Are heart is poundin, but the love 4 us is deep

Couple mins till we speak, cause she know's about the
streets

[Chorus:]

Yea my love for u will never go away
Baby mark my words listen 2 what I say
I praise u, praise u n every way

U so realllll... an I just can't get enough

[Verse 3:]

U hang with a bra even wen it's getin rough
U b with me if I was workin at micky d's

Wen I miss your call I make sure that I call back
What I'm tryna say is baby u all that
