Near the house
At the lake where the sun refuses to shine
The rumors say
That something happened here
But no one out there remembered

They say a boy was killed
Disappeared without a reason
And traces lead to this place
And nothing else remained
No boy, no blood
But there has to be a reason for this silence

The door was open wide
When someone walked toward the house at night
Do not turn around
They scream

Has anyone dared to break the silence?
Is there anyone hearing those cries?
Do you see the traces of violence?
Is there anyone believing all those lies?

There are
Whispering voices all the time (all the time)
Or are they
Just fantasy
Darkness surrounds

Don't turn around
They scream

Has anyone dared to break the silence?
Is there anyone hearing those cries?
Do you see the traces of violence?
Is there anyone believing all those lies?

Has anyone dared to break the silence?
Is there anyone hearing those cries?
Do you see the traces of violence?
Is there anyone believing all those lies?

Has anyone dared to break the silence?
Is there anyone hearing those cries?
Do you see the traces of violence?
Is there anyone believing all those lies?
