"Inquisition"

Centuries ago - or still alive?
Misery, torture, pain - still justified
In the name of Christianity
Persecution, Murdering
The so called heretics
For church, for God, for profit

Judged by the hand of death
Bishops, popes the holy men
In the name of Jesus Christ
No freedom of belief
With cruelty inconceivable
Brutal inventions on their side
Forcing everyone to believe
What they shall do

Nothing's as red as blood

The inquisition draws near
And they will all appear
To accuse you of false belief
There is only one way to God
And we will show you the way
Even if it takes your life
You won't survive
If you're wrong

Accepting the holy Bible at face value
Witches, heretics they all have to burn

Judged by the hand of death
Bishops, popes the holy men
In the name of Jesus Christ
No freedom of belief
With cruelty inconceivable
Brutal inventions on their side
Forcing everyone to believe
What they shall do

Nothing's as red as blood

The inquisition draws near
And they will all appear
To accuse you of false belief
There is only one way to God
And we will show you the way
Even if it takes your life
You won't survive
If you're wrong
