Deep in the woods she's looking for someone  
There's magic everywhere  
She has been told not to go too far away  
But never has to stare

There are so many wonderful things  
I can show you everything  
Don't you want this fairytale to start  
Then listen to my voice

Lost in a world of magic and wisdom  
Lost in a dream of passion and poetry  
Lost and caught in a dream that I won't wake up  
No I'll never see your eyes  
No I'll never see your disguise

This voice keeps telling on and on and on  
Gets the scent of her  
But then she feels her own security  
Is this just a trap

Believe in me and you'll be anything else  
Don't let this dream die young  
Why do you run away from me now  
I beg you please, stay here

Lost in a world of magic and wisdom  
Lost in a dream of passion and poetry  
Lost and caught in a dream that I won't wake up  
No I'll never see your eyes  
No I'll never see your disguise

And so  
On this night of nights  
All creatures of the forest come together  
To warn this chosen child  
That she has returned  
From the evil who surrounded her  
And so the whole forest  
Shouts out loud

Lost in a world of magic and wisdom  
Lost in a dream of passion and poetry  
Lost and caught in a dream that I won't wake up  
No I'll never see your eyes  
No I'll never see your disguise  
Lost  
Never in disguise  
Lost  
Lost  
No I'll never see his eyes  
Lost  
Lost
