And the leaves were falling down and pride turns into
blood
When reason turned the other way
When moments turn to years and no fire has a spark
When all the good's at once stained

Two eyes were closed not to hope
Facing the wicked without fear
When arms of good fell into sorrow
There is always a reason to stay here

But beats that heart so strong
Can it prove they have been wrong?

One heart of torment, ache and agony
So much compassion, it's own misery
One heart of love, joy, sympathy but pain
One single sunray in this world of rain

Feeling strong
Not strong enough
All they want
Remaining tough
They will take your son
The will hunt you every day
They don't know your God
And they will kill you anyway

Better leave this place
Run away from here

There is no other way
Nothing's left to believe in

One heart of torment, ache and agony
So much compassion, it's own misery
One heart of love, joy, sympathy but pain
One single sunray in this world of rain

There is no other way
Nothing is left to believe in

All that we ever learned
Seems not to fit in this world

One heart of torment, ache and agony
So much compassion, it's own misery
One heart of love, joy, sympathy but pain
One single sunray in this world of rain
One heart of torment, ache and agony...
One heart of love, joy, sympathy but pain
One single sunray in this world of rain
