

Young Bleed

"Rain"

Visit "[Rain](#)" on MotoLyrics.com

My whole world is created by demons
My whole life is getting lost
My mistakes, they pour over me now
And I begin to regret

I feel the rain is falling down
It feels like drowning in the rain

Had to leave home, they did not want me
For all I've done, I pay the price

No place to rest
No place called home
I hide my tears and try to keep strong
I am afraid how life goes on
Why should I still feel lost?
They must justify themselves
For kicking me out of home
Can they sleep at night?
Do they dream of me?
Do they hope I will return?

They called me a problem child
But never knew what goes on inside my mind
I have done so many things wrong
But is that enough to be left behind?

I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
I feel the rain is falling down (Down on me)
I fear to drown in my river of tears

This
I have stolen
Maybe
I have beaten
Did you (Did you)
Ever ask why?
Have you
Been there for me
Shown me all your love

Did you (Did you)
Ever wonder why?

Rain... keeps falling down...

Rain keeps falling down
It comes along with me
It's falling down
Down
Down
Down
Falling down

I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
I feel the rain is falling down (Down on me)
I fear to drown in my river of tears

Still no place to stay
Only prayers to break
Will God forgive my deeds?
I will try to hold on
I will try to be strong
It might take the rest of my life
God, Father, and Son
But there will be none
Don't You know that I'm Your flesh and blood
Yes it hurts so much
No matter what I have done
This way must be wrong

They called me a problem child
But never knew what goes on inside my mind
I have done so many things wrong
But is that enough to be left behind?

I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
I feel the rain is falling down (Down on me)
I fear to drown in my river of tears
