Without a voice  
But still so much to say  
All that my eyes do recognize

Hoping, longing for someone  
To take away my pain

Without a tongue  
But still I'd like to scream  
To all people yet remaining deaf

Hoping, longing for someone  
To take away my pain

Take one look at this silent suffering  
See me standing here in loneliness  
Decadence of a heart

Walk with me  
Just a while to feel my dreams inside  
Look at me  
And see this aching heart of mine

I'd like to know who is to blame  
What you have done, it is a shame  
And in the end we're all alone  
Always alone we have to roam

Take one look at this silent suffering  
See me standing here in loneliness  
Decadence of a heart  
Take one look at this silent suffering  
See me standing here in loneliness  
Decadence of a heart

Without a speech  
But I still want you to hear  
My silence speaks louder than your words

Hoping, longing for someone  
To take away my pain

Take one look...  
Decadence of a heart...

Take one look at this silent suffering  
See me standing here in loneliness  
Decadence of a heart  
Take one look at this silent suffering  
See me standing here in loneliness  
Decadence of a heart
