So many people are starved  
So many people drown  
So many still are deaf  
And too many blind  
But we close our eyes

Challenge thoughts  
Blind in fairytales  
In the end good will always win

Ignorance is a deadly sin  
Maybe someone will forgive  
Where's the hope that I once found  
Lost in time and space  
Forever lost

Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain  
Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain

So many people killed  
So many people raped  
So many still pretend  
Too many betrayed  
Still we close our eyes

And the world  
Is standing on the edge  
If we move closer we all fall down

Ignorance is a deadly sin  
Maybe someone will forgive  
Where's the hope that I once found  
Lost in time and space  
Forever lost

Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain  
Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain

Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain  
Seems like we're waiting for an unexpected guest  
He will erase all our misery and pain
