"Machine Joy"

Wasted in wireland, time to bend
The sequence, the sound, turning knobs upside down

Joy is in the rhythm of the machine
Joy is in the rhythm of the machine

Studio rats in action, lost in the oscillation
A rhythm, a mission, bomb the bass station

Joy is in the rhythm of the machine
Joy is in the rhythm of the machine

Got the words on the rocks in my inspiration box
Got the words on the rocks in my inspiration box

Joy is in the rhythm of the machine
Joy is in the rhythm of the machine
