HA-HA-HA, Yeah it's lil dj, young blunt (AZA) & our girl  
nycole valentina

All I wanna see is you breathe me in, if you don't like  
me then breathe me out HA-HA-HA (COME ON! )

(Chorus)

Lil DJ's verse-

Now breathe me in girl, I hate the way I hurt you every  
night

But it makes me happier when I see the stars in your  
eyes

Your the only girl that's there for me with out cheating  
and going out finding a new boyfriend

I just want you to stay with me and I just wanna hold  
you and keep you warm till the world ends

And that's the truth, I do love you girl

I know I tell you this a lot but you are my world

Your the only one that's there for me, And your the only  
one I wanna be with

You know you like & love the sound of my pitch

Just breathe me in then blow me out

I know you like & love the tone of my sound (LIKE! )

(Chorus)

Young Blunt's verse- (YO-YO-YO)

I just want to breathe when I'm sitting here next to you

Do anything that you want to do

I know you love me and you know I love you too

I'll never do anything to hurt you

Sometimes I do act like I'm a statue

Take you on the mountain so we both could get a good  
view at are lifes

And see how it's passing us by

I just want to be in one relationship with out telling no  
lies

And I new I shouldn't do it from the start

And that's when I said F\*\*K it, dicide to give nikki my

whole heart  
And that's when our love just feel apart  
Gotta be strong, Gotta be smart, Gotta understand that  
you wasent the one I'm done  
With this love S\*\*\*  
Lets just both move on, You move on strong And I'll  
move on with my songs

(CAUSE)

(Chorus)

Young Blunt's verse-  
Get high so high, your so fly  
Take you high up in the sky, Show you around  
Your that kinda chick that disserves a Crown, Not a  
Frown, Always talking about  
All these Chicks that I'm always around but when I'm  
always around you I never make no sound  
(ITS CAUSE)  
When I'm always around you it seems like your always  
moving your damn mouth  
But I still-

Lil DJ's verse-

Love you girl, yes I do  
I love you so much you've always been my boo  
You been saying you love me more witch I've already  
knew  
I already knew everything that you been saying to me &  
hurting me & makeing me cry everynight  
But then after words you said everything that you said  
Baby boy don't cry, It's gonna be alright, Everything  
that I been saying it's all been lies  
For the stuff that you wanted to cry over while it's  
hurting deep inside.

(Chorus)
