Where they do that at?
I'm at it, leaning in my automatic
Up and down the dial tryin' to find meaning through the
static
Weaving through the traffic, there's no cheifing in my
status
So I leave it to the beats to put some peace off in my
attic
Feeling blessed, feeling like a million in this mess
Musician on a mission, shake that voodoo and that hex
With this Kingsun and Ajuju comin' out my deck boyâ€¦
And help me get that Anna off my chest

And that Ipod is on shuffle MC Hammer came on next
MGMT after him, that's just how I like to blend
Lupe, Buck, and Drum, got that soundtrack for the slum
Make you feel like paradise, when your feeling
paralyzed
Huh!
