[Verse 1: Young Buck]

I've been waitin' for retaliation for a long time
I made it out the hole by havin' a strong mind
You can lock my body but can't chain my brain
Bullet wounds and tattoos 'll show you my pain
Maybe I am insane
I kind of feel that way
A nigga rich thinkin' about who i'm goin' to kill today
I went from the projects
All the way to private jets
I'm just gettin' my feet wet
I ain't even eat yet
I seperated myself from all of the hate
Told Jimmy Iovine "This is all I'm a take"
I'm playin' Chess not Checkers and I ain't made a move
yet
When these rappers disrespect they playin' Russian
Roulette
Now who you with?, cause its a matter of time
You got to watch your step you might cross that line
Its goin' down, I swear I got something for all of ya'll
So don't be around my nigga when the night fall

[Chorus: Young Buck]

Real riders only ride for the right cause
So lets ride cause its on when the night falls
I'm a soldier
I'm a soldier
I'm a soldier
I'm a soldier

Real riders only ride for the right cause
So lets ride cause its on when the night falls
I'm a soldier
I'm a soldier
I'm a soldier
I'm a soldier

[Verse 2: Young Buck]

I know you want to kill me but i'm god's best friend
So when you get to the gates I tell him don't let you in
I'm Young Buck, King David

I'm on that slave shit
The white man own it, but the black man made this
Fuck around homie get your head knocked off
Tryin' to prove to your baby mama that your not soft
I ain't seen it all but I done seen enough
See when you live in the ghetto you dream too much
And when you make it out the ghetto you stay in touch
Never forget where you come from thats rule number
one
But can't live life twice all you got is one chance
I can't live for you shit i'm only one man
Bloody murder, somebody 'gon die tonight
I'm gettin' high as a kite
Fuck if i'm wrong or right
I hear 'em callin' tellin' me don't let these niggas do it
Trigger fingers in the air let me hear G Unit

[Chorus: Young Buck]

Real riders only ride for the right cause
So lets ride cause its on when the night falls
I'm a soldier
I'm a soldier
I'm a soldier
I'm a soldier

Real riders only ride for the right cause
So lets ride cause its on when the night falls
I'm a soldier
I'm a soldier
I'm a soldier
I'm a soldier
