Forever forever forever forever (2x)

Theres something about your style and the way that
you move
How you do when you do what you doin to me, you
game in the bed tight
I just wanna feel you body your body and my body is so
right
make me spend more than the night 'cause u got me
open
Plus that hypno and dro tasting so nice
Young Buck my name and normally I dont get down but
this time the feelings the same,
So say my name, when we bump and grind when you
moving shaking the room until the early light
I got that get right we can get right tonight
I do my thing out in the streets but thats a part of my
life
I do my thing over the people say they love when I
write, so you crushing is a must tonight

Said i park the two seater put the money in the meter
told my man I be right back fam i gotta meet her
shorty was looking sweeter than a candy bar
U must be one in the sky baby you was a star
Got that coach outfit, let me play for u 'cause this is
something i been wanting to do me and u

Something about your frame that got me thinking oh
my god when somebody mention you name
dont make me call timeout for my plans
'cause u understand when its time to go and chill with
my mans
never bump heads never fight,
that wouldnt happen 'cause if that happened than
things might be to good to be right
So just know that i know u a rider and down for
whatever loving when im inside ya
but u got a fam, and I got a fam I got a girl u got a man
think about it like damn

When we first met, I know I was gonna have a good
year
you give me da vibes now my future looking so clear
YOu make me high when there aint even no dro here
keep you laughing but now baby there aint no jokes
here
and u can holla back back at ur dude, we do street shit,
but we do that soul shit too

Theres something about your style

And the way that you move how you do when you do
what you doin to me
I just wanna feel your body your body and my body is
so right
'cause u got me open and that hypno and dro tasting
so nice
and normally i dont get down but this time the feelings
the same

Shorty you got that good power you
And speaking of that thing i wanted to do with me and
u we can get it
In the aisle and in the restaurant we can hit it
In the mall and the club too girl im with it
Im feeling good, got my hat low you love the fitted,
I ride good, you ride good, the whip kitted
Windows tinted, vison is limited
But everyone know that its just you and me in it

Something about your mind and the way that you
speaking
To me got me thinking that you feeling me
And if its all good, we can move out the ghetto
together even though we gon be still hood
Even though mommys be like bucky's tripping
They know at the end of the day with u is where im
chillin girl
There something about the way you wearing them
jeans and jays
Screaming them thugged out hooks OK we OK
And if i got it you got it whatever you want baby girl its
on me,
Whose that reall nigga that'll look out got 21 answers to
your questions no doubt
Got plenty of reasons why your boy is still down
You independent do your thing when I aint around
Shorty, good with a pack like give me a pound
And how to play stupid when the boys come round
Know how to hold me down when your boy outta town
Im thinking you the one im keeping around
