Taped Conversation

The streets want to know

Where Young buck gone to..

How.. How Young Buck gonna respond

If you see me in the streets rolling

If you see me on the block holding

If you see me rolling by

Remember that you don't know me (you don't know me)

If you see me in the streets rolling

If you see me in the block holding

If you see me rolling by

Remember that you don't know me (you don't know me)

Bitch niggers do bitch thangs

Look at 50 what he does just to get famous

Record my phone call, when I spoke from the heart

That was a year ago, this was a joke from the start

You a hoe, and I know

The only people record conversations is Five-O, nigger
die slow

See here ya go, while you got a chance

Let a real nigger put a band on your hand

Understand, I don't bite the hand that feed me

But I will if the hand say it don't need me

Look at y'all on TV, Banks looks uneasy

If he told you how he feel, this is where he'd be

And they know Yayo is stuck in your a-hole

Half of your staff only there for your pay roll

Hey Tip, lay low, you ain't gotta respond

He had the Magic Stick, I got the Magic Wand

I'm the Don (here I come, here I come)

If you see me in the streets rolling

If you see me on the block holding

If you see me rolling by

Remember that you don't know me

If you see me in the streets rolling

If you see me on the block holding

If you see me rolling by

Remember that you don't know me

Real niggers do real thangs
Real niggers never die, never give names
If a real nigger cry, then it's real pain
So on the real my nigga I don't feel ashamed
Aint no pussy in my veins, I'm a G
Without me, y'all just a U-N-I-T
Without B, y'all should just give it out free
'Cause in the South WE consider you WEAK
Nigga, when I speak, the streets get relieved
They really find the truth out about this beef
A victim of defeat when your album was released
When Jay-Z made Kanye look like a beast
When B.T told Jim Jones it was peace
Just trynna get some New York love at least
But they loving me
I'm laughing at you while you worried bout me
When your punk ass respond, I'ma give you verse
THREE.
Haha you'll see

If you see me in the streets rolling
If you see me in the block holding

If you see me rolling by
Remember that you don't know me (you don't know me)

If you see me in the streets rolling
If you see me in the block holding
If you see me rolling by
Remember that you don't know me (you don't know me)

dog-whistling

Come here boy, sit Booboo sit
Good dog
Aw man, I guess you must have forgot
every man got an emotional side to him!
Yeah, whether he choose to show it or whether he
choose to hide it, hehe
don't make you no less than a motherfucking man
Nigger I'ma G, 50!
So let me talk to your punk ass
tell you what you wanna hear.
You know when you put that shit out you should have
told them that
that was a conversation that me and you had!
something like a year ago, right?
It was a heart felt conversation from Young Buck..
So yeah, they heard the emotional side of me
but they see the bitch-nigger in you 50

believe that!

'Cause see like.. Nigga looked at you as a big brother,
my nigga

Seven years, I mean we done made millions together
nigga, hehe!

I followed your lead I should say, you know
so I dealt with you from the heart nigga!

I mean I thought you dealt with me from the heart too
but now I know.

Yeah, I see

The devil in disguise..

We see now. The whole world see now!

And I know you thinking this shit making you look big
but you really look bad my nigga!

look at what you had my nigga!

Hahaha!

If you see me in the streets rolling
If you see me on the block holding
If you see me rolling by
Remember that you don't know me

If you see me in the streets rolling
If you see me on the block holding
If you see me rolling by
Remember that you don't know me

If you see me in the streets rolling
If you see me on the block holding
If you see me rolling by
Remember that you don't know me

If you see me in the streets rolling
If you see me on the block holding
If you see me rolling by
Remember that you don't know me..
