[Intro]

Yeah

For goons only nigga

Drive-by music bitch

Yeah, hey watch this

Hey if you strapped put ya hands up homie

Look, see what I'm talking about

Even the bitches got they hands up too nigga

Shit real down here homey

Straight gangsta though

[Verse 1]

Callin' in my seven deuce

Niggas know I'll pull it out I'll let it loose

Green tipped cop killas aiming through your vest

Shootouts in broad day, I done seen the best

Seen the rest get they head bust

And choppa got some niggas ridin' on the fed bus

Wheelchair Charlie choppa got his legs cut

Do anything in the world just to stand up

100 rounds is the clip with the curve on it

Jack niggas when they got a couple birds on 'em

Wood grain with the rubber grip

My city kill niggas just for the fuck of it

You know who you fuckin' wit

[Hook]

My choppa got a body on it (hey)

Do anybody want it?

(x4)

[Verse 2]

You should hear it when I let it go

Put a body on it then we sell it for the low

Anybody can get it nigga just let me know

Show me where them bitches at and I'm ready to go

Still a goon got the block hotter than June

No shirt show my tats and my bullet wounds

Bustin' corners on the enemy turf

Gotta test this new choppa, make sure that it work

Drop-top 50 shots homey death on wheels

Might as well say you dead if you let one live
Get out the way when it go bang
I can hit ya up close or either long range
(Haha) yeah nigga you know its on man

[Hook]

My choppa got a body on it (hey)
Do anybody want it?
(x4)

[Verse 3]

The government call them AKs
My grandfather rolled with them back in they days
Shoot 'em off on the 4th just to celebrate
Pull 'em out and goto war when they playa hate
Chopper knock ya off your feet make you elevate
You don't dance but this will make ya body shake
Momma cryin' "How much time will the doctor take?"
He got his eyes wide open but he not awake
Can't no medicine help him all he got is faith
Them choppa bullets prolly put him in a better place
Walk-ups and drive-bys lettin' shells fly
If I die let me goto hell high
Goodbye

[Hook]

My choppa got a body on it (hey)
Do anybody want it?
(x4)
