Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

Some say I'm crazy for signin' with 50 Cent
Them same niggaz wouldn't offer to give me shit
Niggaz hate you when you rich, but love when you
broke
I never knew I had so many enemies before

My arms is open to anybody who want beef
I promise ya'll I won't sleep, till ya'll layin' 6 ft
G-Unit that's what it is, that's what it's gon' be
Benzino or the Source can't hold me

I been heaven sent to put a end to this nonsense
The handle of this 4-5'll make him unconscious
Most of these rappers, throw bricks and hide they head
Come to our shows, then hide behind they man, they
homie

I understand I'm a target, I'm on top
But understand if you start it, I'm gon' pop
I'm not and artist, buck is a street pharmast
One of the smartest, that gon' get money regardless

Why? These niggaz want me dead
(Betta' watch yo step)

Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

My eyes low, hydro leakin' out that Tahoe
I know G-Unit's them niggaz I'ma ride fo'
Nah hoe, I ain't stuntin', nuthing that these niggaz say
Fuck the rap, I can get ya' monkey ass good today

Ain't nobody picked me up, when I was pinned down
I'm double checkin', for I leave outta my crib now
Holdin' that 40 on me, sunk in the seat
'Cause niggaz feel comfortable when they get in drunk
with the heat

I'm ridin' while ya dirty, 'cause they gunnin' for my top
I ain't duckin' and dodgin', I'm only runnin' from the
cops
Spendin' grand by the grand by hundred on my watch
Just got another buddy and it holds a 100 shots

I never had a role model, 'cause he was in a box
So I'm up in the club with eather, a heater or a house
Everyday there's another nigga bleedin' on the block
But we ridin' with them burners on, even when it's hot

Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang

You see these niggaz get out the pen and think it's
good
Go get a pack and come right back to the same hood
They think these young niggaz gonna post up, and let
'em get it
Ain't been home but 6 months and got his wig splitted

Committed to the block, guck these niggaz, fuck the
cops
Fuck these bitches, fuck ya' chain, fuck ya' car, fuck ya'
watch
Ride and I die for mine, pop's, and I hide the nine
Swerving over these white lines, wonderin' from the
one time

Thug and I know I am, bird from a half a gram broke
So I sold dope and I'd do it again
Don't blame that nigga for runnin' up in my house, fool
Ain't no food in my daughter mouth, I'm goin' out too

Just think about what you're doin', 'cause buddy, bullets
burn
May God bless his ass, that was that nigga's turn
I'm not concerned with your death threats
You come down here with that shit and get left wet
Muthafucka

Why? These niggaz want me dead
(Betta' watch yo step)
Puttin' prices on my head
('Cause I cock my shit, and I pop my shit)

But I ain't gonna change
(I don't play that shit)
G-Unit, do ya thang
