Visit "[My Hardship](#)" on [MotoLyrics.com](http://MotoLyrics.com)

No one knows  
No one knows me  
No one knows  
No one knows me

Everything I've seen  
And everything I've done

But into devastation  
Known as I, the creator  
This evolution  
In dire of something greater

I am a soul in for death, in for death  
I am a new will, never be forgotten

Carry on this way  
Never faint, I can't abandon  
Can't abandon this  
I will provoke  
All that stands in my way  
Stand in my way

I will not believe in destiny (destiny, destiny)  
I am a sum of the every choice I made (choice I made)

I will overcome this  
And you won't overcome me  
I will overcome this  
And you won't overcome  
Overcome me

Every turning point  
Is a place that I follow  
There is no place  
No place in this world to call home

I am a soul in for death  
I am a new will, never be forgot ten

This is my turning point

This is my turning point

I am a soul in for death  
I will overcome

I will die for everything  
Before I die for nothing

I will not believe in destiny (destiny, destiny)  
I am a sum of the every choice I made (choice I made)

I will overcome this  
And you won't overcome me
