[Verse 1:]

I just wanna call you my baby  
Girl your love is so mainey  
I think about you on the daily  
Girl you got me going crazy  
Them other dudes out there try to make and spit game  
They so so lame  
But babygirl I ain't the same  
I dream about you everyday  
Lovin' you in every way  
Your friends gon hate but I don't care what they say  
Me and you together nobody can break us up  
Our love is so tough-girl I can't get enough  
From the first time I seen you I was thinking you need  
me in ya life  
You can be my ride or die I'll always treat you right  
And when you feelin' down- I can make ya day bright  
Nd show these niggas that I got a true chick by my side  
Girl I'm really feelin you and I know you feelin me-and I  
ready take it serious so what it's gon be,  
I wanna take the chance if you willin' to stay true  
Cause girl I l-o-v-e y-o-u

[Chorus:]

Girl I  
L-o-v-e y-o-u  
And I'm addicted to little things you do  
My lovin as true as the sky is blue  
Together forever girl - just me and you  
And I know the feelin you feelin is the same  
I would trade it all- yah - the fourtune the fame  
Just to be by ya side  
Girl you know what they say  
They say true love hurts so I'm feelin the pain

[Verse 2:]

Yeauh- hop in the whip and let's cruz  
Cause you sittin with a winner you ain't ever gonna lose  
Cause you my sunshine-I need you for my mornin' to  
start  
And when I'm lost-you the moon to brightin' up the dark  
And off your love-you got me stuntin' this run like tpain

If I needa get high-you could be my maryjane  
It ain't the same  
Without you here by myside  
Cause you my bonnie I'm ya clyde  
And together we can ride in the night underneath the  
sky  
Drop the top low  
And watch the stars shine bright  
And when I'm thuggin' and ballin'  
Your love keep me from fallin'  
I'm drinkin' off ya love got me tipsy like an alcoholic  
You can call it what you wanna call it-but I'm a call it  
love  
God must be missin' an angel cause you came from  
above  
And all these feelins for you in my heart done grew  
Cause I l-o-v-e y-o-u

[Chorus:]

Girl I  
L-o-v-e y-o-u  
And I'm addicted to little things you do  
My lovin as true as the sky is blue  
Together forever girl-just me and you  
And I know the feelin you feelin is the same  
I would trade it all- ya -the fourtune the fame  
Just to be by ya side  
Girl you know what they say  
They say true love hurts so I'm feelin the pain

[Verse 3:]

Met a girl the other night  
Blue ain't got clues of where she went  
Eversince addicted to her drug a dog who caught a  
scent  
My mind head open doors blood on mamas girl has left  
a dent  
And if there was easer pain stay on the my jt is payin  
rent  
Times like these usually never enter my zone  
So used to playin like bonds  
How I bring the runners home  
Coulda been a double vision the attack of the clones  
But I'm chasing after a girl that kisses men with ice  
cream cones  
Her fruit be lookin tight-ready for take it she lookin  
right  
Myspace-touchin keys-you can say I'm feelin' her tight  
She will never be left [? ]  
[? ] in the cereal gotta have her in my life  
Yellin' yo name in the darkest fire ready to write

So let's keep the switch on keep goin' just don't turn off  
the light  
Pull me out like a match and I'm ready to strike

[Chorus:]

Girl I

L-o-v-e y-o-u

And I'm addicted to little things you do

My lovin as true as the sky is blue

Together forever girl-just me and you

And I know the feelin you feelin is the same

I would trade it all- ya -the fourtune the fame

Just to be by ya side

Girl you know what they say

They say true love hurts so I'm feelin the pain
