I remember when I saw you shawty
You really had me going
You have me wanting you and loving you at first Sight
Tripping cause you distract me truely you make me
happy
Wonder if what we have is what you call special
Girl I'm here to hold you down
Help me now say it proud ILOVEYOU.(2x)
When I'm writing all alone I call you on the phone, I love
you

Girl I do adore you, but no on before you
You are what you call a beautiful creation
And I truely love you, always thinking of you
You are what you call a beautiful creation

I remember when our love was an A-track status
Now love is lavish, my girl she the baddest
Move to her love like we both playing mad then -
La la la la. Mi amor, see me Spanish
Rocks and them rings, yeah the green be them
cabbage
All for my baby like pampers and bottles
Girl you a model, a sign of perfection
Won over my heart, aint no need for election
Perfect selection like ducks on a Friday
All I wanna do is take it slow, do it my way
Index down, thumb hold like sign lang-uage
It's C.E.B.
So dope like a feen on some P.C.P.
Make a nigga fall back like a G.E.D.
Flow hot, thick, wet, like it could escape the heat
How we so hip hop, yeah weR&B

Girl I do adore you but no one before you
You are what you call a beautiful creation
And I truely love you always thinking of you
You are what you call a beautiful creation
I just can't leave you alone [x2]
- no baby can't leave you alone[x2]

Girl I do adore you but no one before you

You are what you call a bc
And I truely love you
Always thinking of you
You are what you call a bc
Girl I do adore you but no one before you
Bc
And I truely love you always thinkging
