Got a bad chick and she stay on howel mill
This a brick trick, this ain't no fucking powder milk
Pull up in a what the hell
Bitch I was getting money since pelle fell
Keep it real nigga, I ain't never seen no stylist

I am number one, freshest in the city wailing
You plled up mad, I pulled up smiling
Look at that fool, look at that swag
Bitch I'm bout it, bout it

I'm better than lethal, got a dope with this m, it's
american eagle
I spit it acapella for my felony people
This shit crack, that is illegal
Keep it real, I'm a stunna, 6 on the hummer
If your chick no good, I'ma get the cheese
Know big bang roll on money coming after dinner
I pull up with the smooth
They don't know like ...
Karate, karate, karate, man that karate.
